Notice of Temporary lifting some of the restrictions

Starting	From November 1st, 2023
About appointment	Completely advance appointment is required. First come first served. No more than 4 groups per day, once per week per patient. The patient must make arrangements with their family to make an appointment at least one day before the desired date of visit. The patients who are unable to come forward due to dementia or other reasons, their families will must directly contact the ward nurse by phone.
Visiting hours	Monday-Friday 14:00-16:00 No more than 15 minutes per group ①14:00-14:15 ②14:30-14:45 ③15:00-15:15 ④15:30-15:45
Requirements for patient	Patients who are scheduled to be hospitalized for more than 1 week (including those without surgery), and patients who are more than 4 days after surgery. Visits are only available from the 4th day after surgery.
Requirements for visitor	For family members and/or key persons only. Maximum of 2 people. Visitors under the age of 18 are not allowed. If you have a body temperature of 37.2℃ or higher or cold symptoms (cough, runny nose, sore throat, hoarse voice, etc.), please refrain from visiting.
Others	・The date and time of your visit will be decided by you, taking into consideration rehabilitation time. ・Since rehabilitation is decided in advance, it is generally not possible to change rehabilitation time. ・Meetings will only be held at a designated table in the day room on the 3rd floor. Patients in private rooms will use their private rooms for meetings. ・Make sure to wear a mask. Measure your body temperature and use hand sanitizer. Eating and drinking is prohibited at the meeting room. ・After speaking to the office staff on the 1st floor, go to the ward, fill out the visitor's name and contact information in front of the nurse's station on the 3rd floor, and receive a visitor permit.

*If you do not adhere to the rules, such as not respecting the 15-minute visiting time or visiting someone who has not made an appointment, conditions may become stricter or all patients may be prohibited.

*Depending on the infection situation within the city and hospital, visitation may be prohibited without prior notice.

Due to limited meeting slots, you may not be able to meet with him/her once a week or may not be able to meet your request. In the future, we plan to increase the number of visits slots depending on the situation. We apologize for any inconvenience
